

Table Mosaics - Workshops:

At Lifelong Learning, we offer bring-your-own-table mosaic workshops for beginners.

Included in the price – which is based on the dimensions of your table – is the table preparation, tiles, glue, grout, cutting implements and design – both colour and precision of patterns plus great conversation and therapeutic benefit ... come along, try it, you'll see!

How it works ...

You bring your table and we will:

- Prepare your table top for its mosaic makeover
- Assist you to design your table top pattern
- Identify the colours of tiles that will best suit your design
- Show you how to chop and shape your mosaic pieces
- Teach you to lay and glue your tiles into your shapes
- Grout and polish the finish product

This doesn't happen in a day. So you will probably need a couple or more trips. Your table stays with us until it's complete. We can work on it in between your visits if you like, that's entirely your call.

The sessions are interactive, fun AND challenging and provide opportunity to get into the 'flow' and enhance your creative wellness.

Terms and Conditions

- The cost of this workshop and experience is based on the dimensions of your table.

[Calculate the fee here.](#)

- A \$250 deposit is required to secure your table in the workshop. The deposit is part of the table-dimension fee.
- All tables must be collected within 14-days of completion, unless otherwise agreed.
- We feed (fresh local produce) and hydrate (coffee, tea, water) you at each sitting, included in the one-off table dimension fee.
